NOTICE OF EX PARTE COMMUNICATIONS

Copies of tendered notices are available in the Central Files Office for review and/or reproduction under existing procedures. They are also available from the filing party who is under the obligation to provide copies of the notice without delay.

3/8/05	A02-03-047	Southern California Gas Company and San Diego Gas and Electric Company, for Authority to Continue Funding of LEV Programs.
	A02-03-048	Southern California Edison Company, to Extend the Operation of its Electric Vehicle Adjustment Clause Mechanism and Related Accounts until the date of the Commission's Final Decision in Edison's Test Year 2003 General Rate Case Proceeding.
	A02-03-049	Pacific Gas and Electric Company (U 39-E), for Review of and Authorization for Recovery of Costs relating to its Low Emission Vehicle (LEV) Program for 2002 through 2005.

Summary: On March 3, 2005, Sabrina Chaw, Manager of Regulatory Relations, Pacific Gas and Electric Company (PG&E), met with Brian Prusnek, advisor to Cmmr. Kennedy, in San Francisco. Also present were Brian Stokes, Manager, Clean Air Transportation, and Gail Slocum, Attorney, for PG&E. Chaw stated that the draft decision (DD) is legally and factually erroneous and out-of-step with Commission's goals. Slocum noted that the need for multi-year funding was reflected in California Energy Commission's most recent testimony, who pointed out the longer-term nature of commitments for LEV projects. Slocum recommended that if the issue is not placed in the General Rate Case, then another option would be to have a separate proceeding, but every 3-6 years, rather than every year. Alternatively, Slocum also offered the 'evergreen approach'. Slocum pointed out that there is no statutory sunset for these programs, as the DD implies. Stokes stated that the DD's required reporting template for ratepayer benefits was burdensome, contrary to the DD's finding, and that the cost for complying with the expanded template was substantial, and not an efficient use of utility or Commission resources.

I95-04-044	Order instituting investigation on the Commission's own motion into competition for local exchange service.

Summary: LATE FILED. On March 3, 2005, Tony F. DiStefano, Chief Executive Officer of Arrival Communications Company, met with Tim Sullivan, advisor to Cmmr. Kennedy, and Karen Miller, advisor to Cmmr. Grueneich; and, on March 4, 2005 - Lester Wong, advisor to Cmmr. Peevey, in three separate meetings in San Francisco. DiStefano discussed the three pending proposed decisions and stated his support of the separate treatment of DS1/DS3 loop true-up for those carriers with ICA amendments for such true-ups. DiStefano questioned the basis for SBC's claim that there was a legitimate dispute over whether the Federal Communications Commission TRO Interim Rules rendered contractual true-up null and void.

3/10/05	A04-03-014	Verizon California Inc. (U 1002-C), for Arbitration of an Amendment to Interconnection Agreements with Competitive Local Exchange Carriers and Commercial Mobile Radio Service Providers in California pursuant to Section 252 of the Telecommunications Act of 1934, as amended, and the Triennial Review Order.
---------	------------	---

Summary: On March 7, 2005, Michelle Robinson, Vice President of Regulatory Affairs for Verizon California Inc. (Verizon), spoke via telephone with Lester Wong, advisor to Pres. Peevey, and Karen Miller, advisor to Cmmr. Grueneich, in two separate conversations. Robinson discussed the merits of the CLECs' and TURN's motion requesting emergency relief from the Federal Communications

Commission's (FCC) directive barring the addition of new UNE-P lines. Robinson indicated that any Commission order granting the motion in whole or in part is inappropriate and will not withstand judicial review. Referring to the transition period for existing and new UNE-P orders, Robinson stated that since the FCC established this very specific transition period, there is no need to look to interconnection agreements for guidance on this point.
